“I bought a carport from Midwest Steel Carports and I am so glad I chose this company. My experience from my order to install was very easy, the customer service is excellent, they are very friendly and professional. The install crew was amazing, they were very experienced, friendly, and had my carport up quickly, I love my carport! Thank you Midwest Steel and installation crew!”

## WARRANTIES

- **1-year No Hassle Workmanship Guarantee:** Skip the worrying and buy with confidence. You will have 1 year from date of installation to modify your building due to workmanship errors.
- **7 & 20-year Frame Warranty:** Rust can leave you with a weakened frame and heavy repair costs. Have peace of mind with our frame warranties! The economical 14-gauge comes with a 7-year warranty and the heavy-duty 12-gauge comes with a 20-year warranty on rust through of frame.
- **40-year Limited Paint Warranty:** Don't lose the aesthetic appeal of your new building. Your Limited Paint Warranty guarantees coating will not crack, check, or peel (lose adhesion) for 40 years.
- **115-MPH Wind Resistance Warranty:** High winds can cause major damage to your steel building, leading to additional costs and headaches. Purchase the recommended amount of anchors and withstand up to 115 MPH winds!

# REIMAGINING STEEL BUILDINGS

## SIZES

Choose from a large range of sizes from 12' wide through 100' wide, any length, and leg heights extending through 20' tall!

## QUALITY MATERIAL

When you purchase with Midwest Steel Carports, Inc. you are not only purchasing a steel building, but also durability, protection, and complete satisfaction. All materials are purchased per order to offer you flexibility and customization with your steel building. Additionally, all material is carefully handled and packaged to ensure your building remains safe and protected before, during, and after installation

## REPUTABLE CUSTOMER SERVICE

We solve the industry's biggest problem-customer service. As a customer-centric company, Midwest Steel Carports, Inc. focuses on helping you make your building dreams a reality. Our team guides you through the entire process, from designing the structure that best fits your personal needs to an exceptional installation process.

## ROOF STYLES

Select from two different roof options made for every situation-from simple storage solutions to residential building needs.

AFH ROOF

AFV ROOF

## THE DETAILS

Midwest Steel Carports focuses on the details so you don't have to. All structures include foam gap enclosures on the ridge cap to improve ventilation and base trim with vertical siding to minimize water seepage. Additionally, every building has complementary colored screws for the finishing touch!

## SIDING AND END WALLS

Personalize your steel building by enclosing your sides and end walls to best fit your storage needs. Fully enclosed and partially enclosed options available in horizontal and vertical sheeting!

## BREAK THROUGH THE HASSLES OF LIMITATIONS

With our engineered steel structures, you have endless possibilities. Watch your dream structure come to life with the limitless personalization options and high-quality material offered by Midwest Steel Carports, Inc.

### DOORS

Increase the utility and residential appearance of your steel structure by adding a standard roll-up door or residential overhead door to your new building.

### SERVICE DOORS

Service doors offer you a range of benefits, including convenience and safety. Consider the economical vinyl 36x80 service door and the heavy-duty 36x80 steel door for your new project.

### WINDOWS

Allow natural light into your structure with a residential appearance by adding the standard 30x30 single pane window or the upgraded 36x36 insulated window.

### VIEW OUR WEBSITE FOR...

Visit [www.midweststeelcarports.com](http://www.midweststeelcarports.com) for additional options on standard and custom accessories!

### SNOW GUARDS

Falling snow and ice can be a serious safety hazard. For improved safety and reduced maintenance, consider snow guards for your metal roof. Snow guards offer you numerous benefits by slowing the fall of snow and debris on the sides of your building. A range of benefits include added value, safety, reduced liability, and more!

### FOAM ENCLOSURES

Stop worrying about pesky mice and other small animals. As a versatile accessory, the foam gap enclosures prevent small rodents and pests from entering your building and damaging your property. Additionally, the gap enclosures eliminate the entrance of light in areas such as the corners, ridge cap, and eaves.

### SEALANT PACKAGE

Foundation issues can be costly. Protect your hard-earned investments with the Emseal and concrete sealant package. This exclusive sealant package offers you a peace of mind by filling the gaps beneath your structure's base rails and eliminating the issue of water seepage in your new building.
